WHAT I DO

Onboarding & orientation
Running orientation sessions, explaining company policies and procedures, and making sure all new-joiner paperwork is complete.

Employee relations
The first point of contact for HR questions, grievances and conflicts, with open communication and fair, prompt follow-up.

Health & safety
Risk assessments, safety policies and procedures, and workplace safety training for production staff.

Legal compliance
Keeping up with labour laws, regulations and industry standards so every HR practice in the factory stays compliant.

Timekeeping & attendance
Recording attendance, regular hours, overtime, vacation and sick leave accurately for every employee.

Payroll processing
Calculating wages from time records, pay rates, overtime and bonuses, and entering them into the payroll system in line with labour law and company policy.
